

## **2020 – 2021 Program**

We offer a variety programs, ranging from monthly all branch programs on a variety of topics, often with women speakers on mission-related subjects, as well as a number of smaller interest groups that focus on particular activities, such as books, movies, and discussions on specific topics chosen by the group, or offer an opportunity for more casual discourse and conversation. During the time of this pandemic, our programs will be held online.

Check the monthly branch newsletter or the home page of the branch website <https://marin-ca.aauw.net/> to get information about upcoming events and programs. Most programs require registration, may have a small fee associated with them, and may be open to guests and the public.

*Note: programs subject to change*
